Adult & Adolescent Medicine

Our office specializes in personal medical care for young adults, adults and “golden years” patients. We use time-honored diagnoses based on a thorough patient history and physical, followed by directed testing to help confirm clinical suspicion. We serve patients throughout Carbon, Emery and Grand counties.

Services

- Acute, hospital and critical care
- Colonoscopy
- Lesion removal and minor surgical procedures
- Physicals

Glenn T. Etzel, MD

Care For:

- Asthma
- Diabetes
- Cholesterol
- Hypertension
- Cardiac conditions
- Osteoporosis
- Pulmonary conditions
- Thyroid conditions

Allergy, Asthma & Immunology

Our Utah Valley allergy specialists are able to diagnose and treat patients who suffer from allergic and immunologic disorders. Our board-certified physicians have received specialized training in these types of conditions and are experienced in working with pediatric and adult patients with a variety of medical problems using the most comprehensive and up-to-date medical therapies.

Services

- Nasal and sinus allergies (including hay fever)
- Eye allergies
- Asthma
- Eczema
- Contact skin allergies (and patch testing)
- Food allergies
- Eosinophilic esophagitis
- Food protein-induced enterocolitis syndromes
- Allergy to drugs including vaccines
- Allergies to bee stings (or to other stinging insects)
- Allergic reactions and anaphylaxis
- Hives and/or swelling
- Hereditary angioedema
- Recurrent infections and immunodeficiencies
- Subcutaneous immunotherapy (allergy shots)
- Sublingual immunotherapy (allergy drops)
- Oral Immunotherapy (OIT) for food allergies

American Fork Surgery Center

A high quality, competitively priced, patient-friendly surgical center located at Revere Health's American Fork campus. With skilled staff and state-of-the-art facilities, local surgeons can provide outpatient and same-day surgery.

Specialties & Services

- Ear, Nose & Throat
- Gastroenterology
- Endoscopy
- Colonoscopy
- Gynecology
- Orthopedics & Sports Medicine
- Plastic, Reconstructive & Hand Surgery
- Podiatry

Lower Costs

On average, surgical fees at surgery centers are approximately 40 percent less than in a hospital setting. The cost to use the operating or procedure room, which is separate from surgeons' fees, is far lower when you opt for an outpatient facility like the Revere Health American Fork Surgery Center.

Choice

Physicians and patients now have a choice in northern Utah County of where to perform a surgery, which allows you to select a location that is more affordable and more responsive to patients' needs.

Affordable

A surgical center is specialized, and because it's separate from a hospital it has lower overhead and can pass those financial savings on to the patient. For most procedures, there is an all-inclusive, clearly identifiable facility charge so pricing is transparent and patients have a better understanding of costs before surgery.

Dependable

When you choose an outpatient surgical center, your scheduled surgery is less likely to be delayed or bumped by non-related emergencies. In addition, turnaround time between surgeries is as much as three times faster than in a hospital, which means less waiting for patients and family members.

Comfortable

The more intimate and personal setting of an outpatient facility like Revere Health American Fork Surgery Center allows patients and their families to relax and feel more comfortable before, during and after the surgery.

Insurance Approved

Many insurance companies and employer insurance plans favor outpatient surgery centers over hospitals because they know how much these facilities can save patients. Some payers tailor reimbursement schedules to create an incentive to use an outpatient center. Revere Health American Fork Surgery Center accepts most insurances as well as Medicare and Medicaid.

Radiation Oncology

Radiation treatment's effects can vary from patient to patient. One of the most important aspects of our treatment is to make sure that patients understand their treatment, possible side effects and feel as comfortable as possible. We coordinate your care with a variety of specialties, including your primary care physician.

Services

- Radiation therapy consultation
- Curative and palliative treatments
- Stereotactic radiosurgery (SRS) treatments
- Stereotactic body radiation therapy (SBRT) treatments
- Conventional radiation oncology services including: Intensity-modulated radiation therapy (IMRT), 3D conformal radiation therapy, Electron beam radiation
- Surface-guided radiation therapy (SGRT), with Align RT technology
- Image-guided radiation therapy (IGRT)
- CT simulation

Hand, Wrist & Elbow Center

Our hand, wrist and elbow center provides professional, quality medical care for all musculoskeletal conditions of the hand and upper extremity. We care for virtually all conditions related to muscles, tendons and nerve injuries, including trauma, fractures and lacerations. Our experienced physicians offer patients access to new techniques, services and state-of-the-art orthopedic care, including experienced certified hand therapy.

Services

- Surgical and non-surgical treatment of the hand, wrist and elbow
- Care of patients with advanced arthritis
- Sports medicine needs including care of injuries related to athletic activities
- Arthroscopic surgery
- Work related and industrial injuries
- Repetitive trauma injuries like carpal tunnel and tennis elbow
- Focus on repair and restorative procedures
- Trauma
- Fracture care
- Tendon and nerve injuries, and lacerations

Laboratory

Revere Health's Medical Laboratory offers patients and providers easy access to results for a variety of tests. Our quick turnaround times ensure efficient, coordinated care. Services include clinical lab testing, urinalysis, blood draws, and more. Medical lab testing is a crucial component in value-based care because it allows providers to detect and treat diseases early on, preventing more costly and less effective treatments down the road.

Services

- Clinical lab testing
- Phlebotomy services
- Management of esoteric testing requests
- Collection of specimen for any patient who sees a clinic physician, regardless of insurance
- STAT results available in 45 minutes for in-house testing
- Patient choice for labs taken; phlebotomists collect specimens in Salem, Spanish Fork, Orem, American Fork, Provo and St. George
- Access to results electronically through our EMR

Pharmacy

Revere Health Pharmacy is a full-service pharmacy located at our main campus in Provo. The pharmacy provides an impressive array of prescription and patient care services. Advanced technology provides our staff with enhanced filling capabilities ensuring that prescriptions are ready and waiting when patients arrive at the pharmacy, with both the convenience of drive-through and walk-in service. In addition to prescription medications, the pharmacy also provides a large selection of over-the-counter products. Our latest innovation is the Rx To You program - an easy way for patients to receive their medications through the mail. Revere Health Pharmacy will match all competitors' prices on brand name drugs. Save time and hassle with our price match guarantee.

Services

- Auto-refill program
- Therapeutic interchange
- Specialty compounding
- Medication synchronization
(all medications on the same refill schedule)
- Price matching on name brand drugs
- Fast fill times

Plastic & Reconstructive Surgery

Plastic and Reconstructive Surgery is performed to restore the appearance and function of tissue damaged by tumor, trauma or the effects of age. Surgical technique and compassion combine to treat the patient's individual needs. At Revere Health the needs of the patients come first. We will develop a comprehensive treatment plan to restore and revitalize you to your natural self.

Services

- Breast reductions
- Scar revisions
- Trauma care
- Wound care
- Burn reconstruction
- Breast augmentation
- Breast lift
- Tummy tuck
- Eyelid surgery
- Rhinoplasty
- Liposuction
- Male breast reduction
- Hand surgery

Radiology

We have extensive training and experience in subspecialty areas including musculoskeletal, neuroradiology, vascular, interventional, women's imaging and body imaging including CT, MR, ultrasound, nuclear medicine and x-ray. We take pride in our exhaustive networking, which allows comparison with previous exams done elsewhere. Our group is committed to quality and providing value-added services to our referring physicians. We provide our patients ease of scheduling, courteous, respectful and efficient care and rapid report turnaround to expedite treatment decisions.

Services

- Full range of diagnostic, therapeutic and interventional radiology procedures
- Teleradiology interpretative services
- Inter-facility linkage between hospitals and imaging centers provides diagnostic interpretations rapidly and efficiently, and allows consultation among group members and referring physicians
- Available for phone or personal consultations
- Our goal is to have a full, written report available within a few hours of the completion of exam
- Exclusive radiology group to provide services to all Revere Health Imaging Services
- Radiology services for area hospitals
- Coverage associations with many health care providers throughout Utah

Sleep Lab

Our Sleep Labs, located in Provo and Lehi, helps patients live a healthy lifestyle through the diagnosis and treatment of sleep disorders. The lab is under the direction of John Staheli, MD board certified in Sleep Medicine. As an accredited center, we follow the guidelines set by the American Academy of Sleep Medicine (AASM) and have a team of experienced, knowledgeable professionals who evaluate each patient's situation and help them achieve their healthiest sleep possible.

Services

- Polysomnograms (baseline, split-night and titration studies, adult and children 3 and older)
- Home sleep studies
- Positive airway pressure therapy (CPAP/Bi-level/ASV) for the treatment of sleep apnea
- PAP NAPS (daytime PAP therapy desensitization procedure for patients having issues with their machine, mask and/or compliance)
- MSLT (narcolepsy/hypersomnia testing)
- MWT (maintenance of wakefulness test)
- We accommodate night workers/day sleeper
- Insomnia counseling
- Monthly CPAP support group
- Referral system for surgical evaluation
- Overnight oximetry

Southern Utah Spine & Rehabilitation

Here at Southern Utah Spine & Rehabilitation our specialty is physical medicine and rehabilitation, which includes the treatment of musculoskeletal issues such as the spinal cord injuries, neck and back pain, nerve problems, and muscle spasms. When these issues interfere with a person's ability to function, we help design a comprehensive treatment plan in conjunction with other medical specialist to maximize function. Through our conservative, non-surgical approach, which includes Revere Health's first physical therapy office in Southern Utah, we strive to improve the quality of our patient's lives.

Services

- Back pain
- Arthritis
- Sports injuries
- Whiplash
- Muscle spasms
- Occupational/industrial injuries
- Spinal cord injuries
- Botox injections for muscle spasm and pain and migraines
- Treatment of herniated & degenerative discs without surgery
- Carpal tunnel & other electrodiagnostic nerve studies

Thyroid Center

The Revere Health Thyroid Center in Provo and American Fork offers patients a comprehensive approach to treating a wide range of thyroid and parathyroid disorders. Our ENT surgeons have practiced minimally invasive thyroid and parathyroid surgeries for years. Your evaluation by our experienced endocrinologist will be complemented with on-site thyroid ultrasound and ultrasound-guided biopsy of thyroid nodules. We use genetic testing on biopsies of thyroid nodules to avoid unnecessary surgery.

Services

- Thyroid nodules
- Hypothyroidism
- Hyperthyroidism
- Hyperparathyroidism
- Hypercalcemia
- Goiters
- Hashimoto's disease

Urology

We specialize in the care of urologic cancers, BPH, incontinence and vasectomies in addition to pediatric and adult urinary problems. Our exceptional staff members take pride in providing the highest level of care for our patients.

Services

- In-office PSA testing
- Urodynamics lab specializing in the evaluation and treatment of complex urinary incontinence
- Minimally invasive Rezum and Urolift treatments for BPH
- Sacral nerve stimulator for severe frequency and intractable urge incontinence
- DaVinci robot-assisted surgery
- Same or next day appointments for kidney stones
- Shock wave treatment for erectile dysfunction
- No-scalpel vasectomy
