

General Instructions for Endoscopy Schedulers

1. Please help patients quickly and efficiently schedule their endoscopy procedures.
2. Please direct any and all questions to the facility at which their procedure. The facilities are to go into the details of bowel preparations, etc. Please let patients know that appropriate instructions will be emailed to them. After your phone call, please email the appropriate instructions to patients.
3. Please schedule a date for the procedure. Please let patients know that the facility will contact them prior to their procedure with the time and details of their procedure.
4. The goal is to finish this process in just a few minutes; schedule a date, email the instructions, and encourage patients to contact the appropriate facility with any questions.
